

# The Pencil People

Handcrafted from your child's drawings, the Pencil People are a truly unique way of bringing imagination to life to treasure forever!

Not available on the high street, these beautiful keepsakes can be yours from £47.00

I will use your child's drawing to create a true likeness, following all the funny quirks and scribbles! Each doll is approximately 12—18" high so they can be held in little hands easily and all created with the safety of children in mind!
